

SPACE SAVING LCD MONITOR+SHELF AND KEYBOARD+TRAY

KEY FEATURES

- Shelves and trays attach to two-post or four-post 19"W EIA racks, frames or cabinets.
- Slide out shelf and tray save valuable rack-mount space for computer server and data storage equipment.
- Store a keyboard and a monitor in only 3 RMU of rack-mount space.
- LCD Monitor tilts to an upright position and has a 15" viewable screen.
- Keyboard has 104 keys, a number pad and an integrated touchpad — two styles are available.

APPLICATIONS

- Use on racks and in cabinets to provide a common set of peripherals for accessing computers and data storage equipment.

USE WITH

- Standard Rack
- Universal Rack™
- QuadraRack™ 4-Post Frame
- QuadraRack™ Server Frame
- M-Series MegaFrame® Cabinet
- C-Series SlimFrame™ Cabinet
- T-Series SteelFrame Cabinet
- Enhanced SteelFrame Cabinet

RELATED ACCESSORIES

- CPI Keyboard Trays

Rack-mount keyboards and monitors make it easy to access equipment in the rack or cabinet. LCD Monitor+Shelf, Keyboard+Tray and Gold Contact Keyboard+Tray use only 3 RMU of rack-mount space and will attach to 19"W EIA two-post or four-post racks, frames or cabinets.

LCD Monitor+Shelf is a LCD monitor and slide out tray which uses only 2 RMU of rack-mount space. The monitor has a 15" screen and is mounted on a tilting mechanism that lets you angle the screen for easy viewing. The screen image automatically adjusts to fill the screen regardless of input resolution. Order a two-post shelf for racks or four-post shelf for frames or cabinets. Four-post shelves will attach to mounting rails spaced 26" to 38" apart.

Keyboard+Tray is a keyboard and slide out tray that uses only 1 RMU of rack-mount space. Keyboard+Tray has 104 keys, includes a number pad and a touchpad. A separate mouse and mouse tray is not required. The Gold Contact Keyboard+Tray is recommended when a keyboard is attached to a KVM switch with an extension cable. Keyboards are also sold separately and can be used on some CPI keyboard shelves.

Order the LCD Monitor+Shelf and Keyboard+Tray together and save. The Space Saving Duo includes a LCD Monitor+Shelf and Keyboard+Tray or a LCD Monitor+Shelf and Gold Contact Keyboard+Tray.

See reverse for product selection. Contact CPI Technical Support for configuration assistance.
