# Work Big LP540

## It's as if you designed it yourself.

Picture the perfect business projector. It would incorporate every industry-leading innovation. It would be ridiculously user-friendly and reliable. It would look good enough to intrigue any audience. It would project your ideas in unbelievably big, rich, bold images. And its reasonable price tag would surprise even the savviest technology shopper. Spend years talking to thousands of business presenters about what they want in a business projector, and the results are likely to please almost everybody. The InFocus Work Big LP540 apparently does. All thanks to you.

### Play with your projector.

Your technology shouldn't stand in the way of your creativity. The LP540 certainly won't. It lets you do all this and more:

- Enjoy the clear, full-screen detail enabled by true XGA (1024 x 768) resolution.
- Watch 1700 beyond-bright lumens project truly stunning images in any setting.
- Get outstanding color saturation with 16.7 million colors.

- Enjoy the clear, full-screen detail enabled by native XGA resolution.

### Downtime is for weekends.

Relieve the IT department of its projector-crisis duties. And free your mind to focus on a flawless presentation — without a single cry for technical help. The LP540 projector is truly easy to set up, use, maintain, and store. How easy, you ask?

- Hook up in seconds with color-coded ports and cables.
- Use the interactive display to ensure smooth, glitch-proof presentations and receive instant status updates — in your choice of 12 languages.
- Control most commands with the touch of a button on the user-defined keypad.

Blow them away with 1700 ANSI lumens of outstanding brightness and a contrast ratio of 400:1.
